

Tharreo House CARABALLO CLASS

Sept-Dec | 2020-2021 | 11/12/2020

Our Attendance

Caraballo's overall attendance this term is 89.51%, which is not only above the national requirements, but also the best attendance out of all the classes at Tharreo! Well done Caraballo. Even though we've done really well this term, we know that we will do even better in the new year.

The Academic Year

After such a strange summer with lots of time spent working with lessons online and work packs it has been fantastic for everyone to be back in school again since September.

The class has adjusted really well to some of the new routines of washing hands more regularly and being more mindful generally of their health and wellbeing.

Due to not being able to access the gym or swimming pool so far this year the pupils have adapted to our onsite PE lessons with a workout with Joe Wicks (which does lead to the pupils complaining of sore legs for at least two days after!) followed by a relaxing themed yoga session. As soon as the pool opens again we will be able to continue our weekly lessons there – so watch this space.

To end the year we have enjoyed our Christmas Jumper Day and, to keep with tradition we have enjoyed our usual end of year pantomime only this year watched it on-site. A little bit different but still as enjoyable.

Have a fantastic Christmas and a Happy New Year.
