SPRING TERM NEWSLETTER

Holocaust Memorial Day

Students enjoyed an assembly, we are very proud that all students made a pledge to challenge prejudice, discrimination, and hatred in our society today.

Children's Mental Health week

The theme was 'growing together'. Students took part in various workshops and talks about mental health including the company Mind Apples delivering a workshop where we considered the question; *what do you do that is good for your mind?*

International Women's Day,

Students were challenged to think about women's achievements and successes globally. During lessons year 10 students completed work which explored inspirational women in their lives.

Exam week

Many students completed functional skills exams during the last week of March, some year 10 students were ready and also completed these (early). We are very proud of you all and have everything crossed for some good results! The next window for exams will be in July.

PSD

As Year 11 students are preparing to leave in the summer, they have been busy collecting evidence for their portfolios. Folders are almost complete, so students need to continue to be focused and get everything concluded by the end of May.

Message from our Headteacher

Well done to all our students this term. We have had some remarkable achievements across KS4 and KS5. Thank you to all our parents for their continued support. This term we have been busy supporting students with securing college places for those who will be moving on in July. We have assisted the completion of many application forms and attended curriculum information meetings and internship assessment days with our students to support them in making the transition for their next steps.

We believe in you! You've got this!

Michael Nelson-Langaigne

National Apprenticeship Show

We had a fabulous time at the National Apprenticeship show and Higher Education Expo at Sandown racecourse. These shows bring our students together with employers and training providers that offer all levels of apprenticeships.

THE NATIONAL
APPRENTICESHIP
SHOW

LONDON & SE 1 - 2
MARCH 2022
SANDOWN PARK, SURREY

Careers Advice Guidance

Year 10 students have been practicing interview techniques using role play. Billy was an excellent example of how to answer questions correctly. Well done! He used formal language, correct tone and good body language throughout. Bravo to all the students that role played the interviewer and the interviewee.

IMPORTANT DATES:

2nd May 2022 - Bank Holiday
3rd May 2022 - INSET day
30th May 2022 - Bank Holiday
