Dear Jonty

Please accept our sincere thanks for undertaking your personal 50km challenge and fundraising for us. You smashed your target and raised an incredible **£11,402**. It will go a long way to enable us to open a community hub in partnership with Moundwood Academy that will provide basic groceries and essentials to those in need. It will be a vital lifeline for so many families during these challenging times.

We're very conscious that it can be embarrassing and awkward asking for support for the most basic essentials, food and clothes, especially when you have been self-sufficient all your life. That's why our ethos is NO assessment or referral and NO questions asked. If you're brave enough to ask for help we give it. Treating and supporting people humanely with dignity and respect.

Kind regards.
