1. Aims

Each Academy within the Beckmead Trust will maintain its own Accessibility Plan based on this template provided. An accessibility checklist will be completed by July 31st each year to check compliance is being maintained (Appendix 1).

Schools are required under the Equality Act 2010 to have an Accessibility Plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils.

Building Inclusive Communities

The Beckmead Trust is proud to be a diverse and inclusive community, we celebrate and protect this by:

- Not discriminating against characteristics that may include race, colour, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability or age
- Embracing individuality across our Trust
- Forging partnerships and working with a broad range of external stakeholders.
- Encouraging collegiality and positive relationships

School Principles and Values that relate to equality and inclusion

Within the Trust our schools aim to treat all pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Our Trust principles and values relating to equality and inclusion as stated in The Beckmead Trust Strategic 'that we believe in working with all members of the community to foster life enhancing outcomes and a sustainable sense of progress and happiness'.

Partnership work is at the heart of everything we do and supports the growth of our Trust which will bring an unamplified voice for our young people and families. Enthusiastic, expert governance ensures that our Trust delivers the best possible value in every arena.

The plan will be made available online on the Trust website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues. Staff training around equality issues will be offered at a school level on an annual basis.

The school supports any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including the Board of Trustees.

2. Legislation and guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.
